State Planning Commission Rejects Plans For Hasbrouck Park School Building

Hope for Red Cross Drive Success

As chairman of the Ulster County Chapter of the American Red Cross, Fabian L. Russell of Saugerties, left, names A. B. Shufeldt of Kingston as head of the Ulster county drive for \$28,000 this year to carry on work of the organization. Both urge generosity in the campaign to raise funds that are needed by the Red Cross to promote peace-time welfare projects as well as war efforts. (Freeman Photo)

Shufeldt Is Named To Head Red Cross Drive for Funds

Urges Response of All to Raise \$28,000 in Ulster for Good Cause

A. B. Shufeldt again will serve as Ulster county chairman for the annual fund campaign of the American Red Cross, which opens Saturday, March 1. The national goal for the drive has been set at \$60,000,000 of which Ulster county's quota is \$28,000.

In announcing the start of the 1947 campaign Mr. Shufeldt says, "We do not end the day the last shot is fired. The American Red Cross still must carry a vast load of responsibilities accumulated during the war years. Thus, services to the armed forces and to the veterans, including home service, will demand the major portion of the annual budget."

Another service noted, an aftermath of the war, is that given in veterans hospitals, where a Red Cross field director serves as a liaison between the patient and his family and where instructors in arts and skills, recreation leaders, etc., carry on to lighten the load of the disabled veteran.

Other Peace Functions

Disaster assistance and preparedness are noted as most important of the peace time functions of the Red Cross and they are given a large allocation in the yearly budget.

Tied very closely to the disaster relief program is their aid work, water safety, home nursing, accident prevention and nutrition.

"The American Red Cross lives in the present and looks to the future," said Mr. Shufeldt. "It cannot yet turn back to pre-war days with a nostalgic sigh and comfortably relax its efforts. The Red Cross still has a job to do."

Big Forces of Helpers

Mr. Shufeldt announces that 28 chairmen in the county at large and 11 chairmen in the city of Kingston, with 200 assisting workers, are ready to make a complete canvass of county and city. He feels sure that the people of Ulster county will do their part, as they always have done, in supporting the Red Cross, that it may continue its program of service.

Won't Solicit Employers

In connection with the drive for funds, the local office of the Red Cross announced today that no solicitation of employers in industries or of the public at motion picture shows will be made.

The local office stressed the point that all workers and the general public should support the drive heavily by contributions in their particular residential district, and thus eliminate the need for solicitation in other places.

56th Infantry Is To Be Inspected
Federal Checkup Will Take Place Tuesday at State Armory

The annual federal inspection of Company A and B and Headquarters Company of the First Battalion, 56th Infantry, will take place on Tuesday, March 4, at 8 p. m. at the New York State Armory, according to an announcement which has been received by Major John J. Schwenk, commanding officer of the local unit.

While officers who will make the inspection have not yet been made known, it is expected they will be regular Army men, probably two in number. The inspection ceremonies will be open to the public.

General inspection of the State Guard units, which is being made throughout the state, will include personnel, equipment and facilities, appearance and discipline of troops, leadership ability evidenced by officers and non-commissioned officers, condition of weapons and equipment, much of which is federal property, and the status of training of both individuals and units, including a proficiency and knowledge in firing of weapons.

Officials and personnel of the local companies are busy engaged in checking equipment and personnel.

1,350 Immigrants Reach Port Under Guard of Anglo Ships

Jerusalem, Feb. 28 (AP)—A Jewish refugee ship, reportedly loaded with 1,350 unauthorized immigrants to Palestine, arrived at Haifa this morning under the guard of British destroyers which intercepted her off the coast.

British authorities immediately cleared the Haifa waterfront of civilians in preparation for deportation of the refugees, but this move was temporarily blocked by a restraining order which the Jewish Community Council obtained from the Palestine high court.

Sir William Fitzgerald, presiding justice of the court, directed Palestine authorities to show cause Tuesday why the deportation should be carried out.

Private sources said that five of the refugees had leaped overboard in an attempt to escape but had been picked up by the British navy.

The refugee ship was reported to have played a 12-hour game of tag with two British destroyers before she was brought into Haifa Harbor. A public information officer said the vessel was intercepted at 11 p. m. yesterday apparently en route to Tel Aviv, but later changed her course and signaled watching British ships that she was bound for Alexandria with an American captain and crew.

The destroyers shadowed the craft toward Haifa and took her under escort after she ran aground off the coast. The ship was reported without damage.

Unofficial and unconfirmed reports said that those aboard the refugee ship had exchanged shots with the destroyers during the chase and that a British seaman was wounded.

Jewish sources, authority for the number of refugees aboard, reported the ship was named after Imim Arlosoroff, leader of Zionist labor and once head of the Jewish agency's political department. Arlosoroff died in 1933.

(In London, Rabbi Barnett R. Bricker of Cleveland, at a news conference for the United Palestine appeal on behalf of Jewish resettlement, said yesterday "The Mediterranean sea has been crowded with these collared ships as soon as the weather moderates a little.")

Meanwhile an Arab source reported that Britain, ruling the Holy Land by a 1923 League of Nations mandate, had asked her Palestine officials to find out how the Arabs would react if Britain told the United Nations she was willing to withdraw from the Holy Land.

Will Not Pay Half Cost of Plans, Since City Had Exceeded Debt Limit

The New York State Post-War Planning Commission has rejected the application of the Kingston Board of Education for state funds to reimburse the Board for half the cost of preparation of plans for a new school building at Hasbrouck Park. In denying the application for approval of the project, the Board was notified that the proposed plan was being rejected because the city of Kingston had already exceeded its debt limitation.

This action by the State Post-War Planning Commission means that only one school project will be approved in Kingston and thus become eligible for participation in post-war financial aid. That school is the one to be erected on the former Dr. C. C. Sahr property on Wall street and Washington avenue. Approval of this project has already been received and the state will reimburse the Board for half of the cost of architect's fees for plans for that building.

Application had been made for similar approval of school buildings at Hasbrouck Park and at Lehigh Park and it was believed by the Board members that when these projects were given project numbers some time ago by the Post-War Planning Commission that the projects were to be included in the state set-up. Consequently the Board went ahead and contracted with Architect Augustus Schwanow for preparation of preliminary plans for the Hasbrouck Park Junior high and elementary school, under the assumption that half of the architect's fees would be reimbursed by the state.

While only the Hasbrouck Park project was definitely rejected yesterday, President Bernard A. Feeney of the Board, stated that he had been informed by an Albany official that similar action could be expected on the Lehigh Park project.

With the State rejecting approval of the two projects on the grounds that the city has exceeded its debt limitation, the long range program for school improvements (Continued on Page Thirteen)

Teachers Get First Two State Bonus Increments

Sums Are Included in February Checks; Boost Asked for Night Work

Kingston public school teachers will receive the first two months' state bonus increments when they receive their February checks which were sent out today. The payment for the month of January and February will amount to \$30 and each month thereafter the \$25 increment will be included.

When the state law authorizing the payment of the temporary increase was announced, Kingston school officials announced that application would be made to the State for the \$300 increment for every teacher in the school system and that the full amount of the bonus would be passed on to the teachers when the money was received.

At the regular meeting of the Board of Education held Thursday evening a request was received from the evening school teachers asking for an increase in pay for night work. The rate, which has been in effect for 20 years, was \$2 an hour and the teachers asked for an increase to \$3.50. The matter was referred to the Teachers Committee with power to make an adjustment.

George Cosenza, teacher of instrumental music, was engaged on a temporary basis until June 1947 at a salary of \$200 per month.

Watkins Denies Martocci Motion

Sugar Case Trial Will Go Along, Judge Rules in Federal Court

New York, Feb. 28 (AP)—Federal Judge Harry E. Watkins today denied a motion for a mistrial by Frank Martocci, counsel for William T. Stanton, 46, of Kingston, N. Y., former O.P.A. investigator who, with others, is on trial on a conspiracy indictment.

Joseph Forman, 40, former corporation counsel of Kingston, and Harold Gottfried, 43, are the other defendants named in the conspiracy indictment and Gottfried and the Pure Rock Mineral Springs Corporation, of Ellenville, N. Y., are on trial on an indictment charging falsification of an application for sugar ration.

Martocci based his motion on a ruling of Judge Watkins that all exhibits and testimony regarding the purchase of concentrates, the sale of products and the consumption of sugar for all years following 1941 should be stricken from the record.

Martocci argued that for several days the jury had heard the testimony ordered stricken from the record from a number of witnesses. He said the testimony should never have been admitted in the "first place" and that as a result of its admission it was "highly prejudicial to Stanton."

After hearing further argument on the admissibility of evidence, Judge Watkins adjourned the trial until Monday at 10:30 a. m.

The government's case has been completed insofar as witnesses are concerned. Final resting by the government depends upon a ruling which the judge has indicated he will make on Monday on the admissibility of a statement made by Stanton. At the same time the judge may also rule on a motion to sever the conspiracy indictment trial from the indictment charging a sugar ration application irregularity.

Bills to Be Offered on Salary Plan

New Levies Also to Be Covered in Measures; Passage of Program Predicted

Groupings Made Schedules Cover Areas of Population, Terms of Service

Albany, Feb. 28 (AP)—Capitol sources today predicted swift legislative endorsement of the permanent salary program for teachers recommended by Governor Dewey's special committee on education.

Bills will be introduced Monday to implement the plan, including legislation empowering communities to levy special local taxes to meet increased educational and other costs.

In Buffalo, where all public schools have been closed by a strike of 2,400 teachers, approval of the plan was withheld by the Independent Buffalo Teachers Federation pending "further careful analysis and study."

The Buffalo teachers seek an immediate \$1,025 annual increase.

Four New York city teacher groups gave the administration plan reserved praise, but a fifth, the C.I.O. Teachers union, asserted the report was "a monstrosity deliberately aimed to defraud the public." They said they would press for an "immediate strike" at today's meeting of the Teachers Salary Conference.

The Dewey committee proposed state-mandated minimum salaries ranging from \$2,500 to \$5,125 in New York city, \$2,200 to \$4,510 in other cities over 100,000, and \$2,000 to \$4,100 in cities under 100,000, plus an additional \$200 for each teacher holding a master's degree.

The committee estimated that the program, which will begin next July 1 and reach full fruition in six years, would increase teacher salary costs in that period \$52,000,000 beyond their December, 1946, total.

The state and its school districts would share the increased burden. The first year of the program would lift teacher payrolls approximately \$30,607,000 over last December's levels. Of this about \$25,300,000 would be drawn from the \$32,000,000 emergency program fund and the balance would be raised locally.

Would Divide Cost.

By the sixth year the cost would be divided evenly between the state and the school districts.

The permanent program will replace the temporary one enacted last month, in which teachers were voted a raise of \$300 a year and a \$2,000 minimum until March 31, 1948.

In the committee report, to be submitted to the Legislature Monday night, these three novel recommendations were made:

1. A single standard of salaries, instead of the present double standard under which salaries of high school teachers are higher than those of grade school teachers.
2. Promotional as well as automatic annual increments, in order to obtain and hold competent teachers.
3. Pay for substitute teachers at per diem rates almost double present rates and only slightly less than the schedules of regular teachers whose jobs they fill.

Five automatic annual increments would be given in the first six years of service. At the end of the sixth year, opportunity would be afforded for a promotion entitling a teacher to three additional annual increments.

At the end of the ninth, 12th and 15th years, teachers qualifying for promotion would be granted increments.

In the minimum salary schedule, teachers would fall into the bracket nearest their present salaries.

Emergency state and local salary increases, plus local increments due next July 1, would be frozen into the schedules until July 1, 1948, when the state-mandated increments would begin.

For example, a Buffalo teacher earning \$2,695 would go into the fourth-year level, regardless of the number of years he had taught, and would not receive a state-mandated increment until July 1, 1948, when his salary would rise to \$2,860.

The proposed minimums would (Continued on Page Thirteen)

Sleeper Runs Wild Webster Deplores In Alleghenies; One Killed, 11 Hurt

Car Races Backward Down Mountain, Overturns Where Red Arrow Was Wrecked

Gallitzin, Pa., Feb. 28 (AP)—The last car of the Pennsylvania railroad's New York-to-Texas "Sunshine Special" tore loose from the train at the peak of the Alleghenies in pre-dawn darkness today, careened wildly down the mountainside and plowed into an embankment, killing a Pullman porter and injuring 11 passengers.

The car, racing backward for three and a half miles, remained on the tracks until it reached Bennington Curve—"Red Arrow" where the P.R.R.'s "Red Arrow" wrecked 10 days ago and killed 24 persons.

Striking the bend of the treacherous curve, the sleeper's wheels flew off the tracks amid screams of occupants and the car plowed into a dirt embankment.

The victim of the crash was identified by the railroad as L. Koys, a Pullman employee, who works out of the Houston, Tex. Railroad officials at Pittsburgh began an immediate investigation, centering the probe principally around why the car's automatic airbrakes failed to operate.

"That's what we want to know first," the spokesman said, adding that the investigators will also seek to find out "how the car uncoupled from the train while it was standing still at the top of the mountain."

The train had stopped outside Gallitzin to take off one of two (Continued on Page Twelve)

Gromyko Declaration Is Due On Atomic Energy Problem

Lake Success, N. Y., Feb. 28 (AP)—A declaration by Andrei A. Gromyko on Soviet Russia's position on the bitterly-fought atomic energy control problem was postponed today when the United Nations Security Council canceled its meeting set for 3 p. m. E.S.T.

The Soviet delegate blocked final action by the council on the American proposal last Tuesday by serving notice he desired to speak. He said today he expected to make a "few remarks" on the issue at the council meeting called for 3 p. m. (E.S.T.).

The council is considering a resolution by U. S. Delegate Warren Austin. This would send back to the atomic commission, which has not met since December 30, the commission's voluminous report, Gromyko's 13 proposals which would take the heart of the American plan out of the report, and the comments of the council delegates.

The United States plan for atomic control envisions no veto on atomic punishments. Russia is standing firmly on no infringement of the veto right in the council.

It is known that Gromyko has been somewhat disappointed by the lack of reaction in the council to his proposals. They were laid before the council after the atomic commission had waited vainly for months for Russia's revised views on atomic control.

Members of the Security Council have taken the view, however, that the place to discuss the atomic report and proposals to amend it is in the atomic commission; that the Security Council should send the report back with directions for future work for the commission.

Gromyko held the stage for a good part of yesterday's three-hour meeting, in which he tilted with Herschel V. Johnson, United States representative, and Paul Hasluck of Australia, over the Albanian case.

The council approved a three-nation sub-committee, made up of Australia, Colombia and Poland, to investigate the British charges that Albania was responsible for mines which damaged two British destroyers, killed 44 British sailors and wounded 43 others in Corfu Strait last October 22.

Albania has denied the charges.

The vote on the sub-committee was 8 to 0, with Russia, Poland and Syria abstaining. Gromyko served notice he believed he could have stopped the sub-committee, which he opposed, by a veto but he refused to do so since it was against the majority wanted it.

Plane Had Low Supply Of Gasoline

Radio Reports Informed Officials Craft Was Running Low on Gasoline

Hit 65-Mile Gale Headwinds Made Final Leg of Journey Daring Attempt

New York, Feb. 28 (AP)—The Betty Jo, army P-52 fighter, completed a 4,978-mile non-stop flight from Honolulu at 11:06 a. m. (E.S.T.) today in approximately 14 hours and 31 minutes.

Just two minutes and 44 seconds after the twin-engine fighter roared out of a blue sky over LaGuardia Field, it made a perfect landing—at 11:08:44 a. m. It took off from Hickam Field, Honolulu, at 8:35 p. m. (E.S.T.) last night.

Emergency equipment lined the runway of the big airport as the Betty Jo zoomed in, prepared for an emergency landing.

The pilot, Lt. Col. Robert E. Thacker of El Centro, Calif., and co-pilot, Lt. John M. Ard of Inglewood, Calif., won a daring bid against 65-mile headwinds over Pennsylvania and dangerously low fuel tanks to reach their New York objective.

"We're going to take a shot at New York," they said by radio over western Pennsylvania.

An hour later they hit their mark.

Aviation and army officials had alerted all small airports across Ohio and Pennsylvania menaced tensely at the sky, momentarily expecting the flight to end in their own fields.

But Col. Thacker pushed his plane on.

As the Betty Jo taxied to a standstill, Col. Thacker, his face grey with fatigue but smiling happily, swung out on a wing.

Suddenly he glimpsed in the crowd his wife, Betty Jo, for whom his plane was named.

"Hey, look out!" he cried, leaping to the ground, "that's my wife!"

Flinging his arms around her he kissed her, shouting as if still speaking above the roar of engines, "I am kissing you now."

Co-pilot Lt. Ard leaped to the ground, almost directly into the arms of his wife, Doris, who ran around the plane tail to reach him. His features, somewhat dazed, broke into a wide grin as the two embraced.

Fighter Plane Record

There are no comparable records to that rolled up by the twin-engine fighter Betty Jo which set the longest distance record ever flown by a fighter plane.

A transcontinental record was set by an Army plane—a single-engine P-80 on Jan. 26, 1945, when Col. William Council flew non-stop from coast to coast in four hours and 13 minutes.

The Betty Jo spans 51 feet in the wing and is 36 feet long in the fuselage. She is powered by two 2200-horsepower engines and comparable in appearance to two P-51 Mustangs built into one wing.

During the war P-51's were generally credited with making the longest range fighter sweeps, making 1,700-mile roundtrip flights from Iwo Jima to Lower Honshu.

Purpose of the present flight is to determine the stamina of planes and men under the strain of long flights.

Buffalo Teachers Reject State Salary Schedule

Buffalo, N. Y., Feb. 28 (AP)—The striking Buffalo Teachers Federation today rejected as "highly unsatisfactory" the state-recommended salary schedule for all teachers.

Thus the prospects of an early settlement of the five-day-old walkout, the largest teachers strike in the nation's history, faded as the federation again placed responsibility for meeting its demand for higher pay on the city administration.

Valley Volunteers Ask Compensation For Hurt Firemen

Legislation which would provide compensation for volunteer firemen injured in the line of duty is the aim of a new program backed by the Hudson Valley Volunteer Firemen's Association. It was announced today.

Henry J. Ulrich of Kingston, Ulster county vice-president of the association, said that the firemen are specifically seeking legislation for merger of the provisions of Section 265 of the General Municipal Law so that additional benefits might be achieved. The firemen, he said, are also after other beneficial legislation.

The compensation and other proposals were recommended at the annual clearing house session of the Volunteer Firemen of the State of New York in Albany several weeks ago. A special educational program is to be backed by the Hudson Valley unit as its part in the drive.

The firemen seek a compensation law which will not overlap in its provisions where the fire is joint coverage under two regulations. They also seek state sanction for the operation of salvage squads as a means to reducing fire damage.

Another ruling sought would allow firemen of one locality to assist in fires in another with full benefits and authority, and still another would provide for better water facilities to fight fires in rural areas. The firemen are also seeking county wide fire prevention codes and the right to use blue flasher signal lights on their cars when en route to fires.

Flashes of Life Sketched in Brief

Checkerboard Peril
Seattle, Wash., Feb. 28 (AP)—Mrs. Glenna B. Rich, filing suit for divorce, charged that her husband, Edgar, had a "vile and ungovernable temper." She said he upset the checkerboard whenever he saw he was going to lose.

Burglars Miss Nothing
Chicago, Feb. 28 (AP)—The thieves who broke into Peter Sidi's West Side restaurant, he told police, were completely thorough in their job of stealing. They took \$50 from the cash register, cigars and cigarettes, a typewriter, a radio, silverware, cutlery, and raided the kitchen taking 20 pounds of butter. Their final act was breaking open the telephone coin box and taking all the coins.

Family Exposed
Chicago, Feb. 28 (AP)—A black mongrel dog which wandered into the Warren avenue police station a few days ago made a fuss over Policeman Clarence Hayden, who said he doesn't like dogs. But Hayden, soon became the dog's champion although other policemen favored taking her to an animal shelter. Hayden allowed her the run of the station and fed her. Then he planned to take the dog home. But he changed his plans last night. Police trailed the dog from the station and found she has a family of eight puppies hidden away in a nearby basement.

Hair Disappears
Detroit, Feb. 28 (AP)—Police are hunting for a Mr. Hair who is charged with trimming an ex-barber of his tools. Harry Hair, 22, was the object of the police search, on complaint of Orville Watson, 42, a former barber. Recorder's Judge George Murphy signed a warrant charging Hair with stealing eight razors, a pair of clippers, three pairs of shears and two combs from Watson's hotel room.

Hogan, Bradley Tied

St. Petersburg, Fla., Feb. 28 (AP)—One of golf's great figures and a comparative unknown battled it out today as the \$10,000 St. Petersburg Open went into the second of its four 18-hole rounds. Little Ben Hogan, unperturbed by rain, cold or the poorer visibility of approaching dusk, came through with a 66 at the end of a long day yesterday to tie Jackson Bradley, Hogan, who won this tournament last year, is the season's leading money winner, as he was last year. Bradley has been in the money only once this winter, finishing seventh at Phoenix. Their scores, five under par for the 6,260-yard Pasadena club, were only one above the course record of 65.

Bills Proposed at Albany

Albany, N. Y., Feb. 28 (AP)—Governor Dewey today signed three bills to implement establishment of United Nations headquarters in New York city and pledged "heartily, continued cooperation."

The U.N., he asserted, carried the "hopes and aspirations of all mankind for a peaceful world and for the survival of our civilization."

The Governor signed into law three measures introduced by Republican Senator Philip W. Williamson of Westchester county which provide for:

- 1.—Cession of state jurisdiction over the land on Manhattan's upper east side where the U.N. headquarters will be located.
- 2.—Amendment of the tax law to exempt from taxation the property of U.N. headquarters "or of any world-wide international organization established to accomplish the same purposes by the same laws."
- 3.—Authorization for New York city to acquire certain real property and convey it to the U.N. and

to relocate dwellings and tenants from the world capital site.

Without mentioning his name, Dewey paid tribute to John D. Rockefeller, Jr., who contributed the \$8,500,000 headquarters site along the East river, between 42nd and 48th streets.

"These bills," Dewey said in a memorandum, "make possible the establishment of the United Nations headquarters in the state of New York."

"Through the vision and generosity of one of our citizens, the United Nations will receive a valuable tract of land in New York city on which it may place the buildings in which will be carried on the functions of the organization which carries the hopes and

aspirations of all mankind for a peaceful world and for the survival of our civilization."

Dewey added that in approving the bills "I would welcome the United Nations on behalf of all the people of the state."

"I am happy to have the opportunity for the state administration to participate in making possible the establishment of the United Nations headquarters. We pledge to it our hearty, continued cooperation in the future."

recitation of the Rosary. He gave the blessing at the grave in Mt. Calvary Cemetery. Bearers were Joseph Tomczyk, Walter Lucas, Joseph Lucas, John Fernal, Anthony Kaminski and John Keizer.

Funeral services for Mrs. Mary Kolls, of 55 Hindsdale street, who collapsed suddenly at John and Wall streets Thursday afternoon, and died less than an hour after being admitted to the Kingston Hospital, will be held from the Jensen & Deegan Funeral Home, 15 Downs street, Monday afternoon at 2 o'clock. Burial will be in the family plot in Wiltwyck Cemetery. Mrs. Kolls was shopping with her husband, William A. Kolls, in the uptown section when she complained that she did not feel well. Mr. Kolls suggested that she go to John street, where she was parked on the corner of Wall and John streets. Mrs. Kolls collapsed and fell to the sidewalk. Mr. Kolls carried her to his car and rushed her to the office of Dr. Walter Levy, 128 Fair street. Dr. Levy advised emergency treatment and the woman was conveyed to the hospital where she died less than an hour after admission. Besides her husband, she was survived by son, Edward, and a sister, Mrs. Lena Hergula of Weehawken, N. J. The cause of Mrs. Kolls' death could not be learned.

Thursday morning at 9 o'clock, the funeral of Margaret C. McGowan was held from the James M. Murphy Funeral Home, and at St. Mary's Church at 9:30 o'clock where a high Mass of requiem was offered for the repose of her soul by the Very Rev. Monsignor Martin J. Drury, P. R., V. F., with the Rev. Francis Molony in the chancel. The children's choir chanted the responses to the Mass. At the offertory the soloist, John Long, sang Ave Maria, and following the absolution, Ave Verum, assisted by organist Theodore Riccoboni. The church was filled with friends who came to pay their last tribute of respect by assisting at the requiem. During the days the remains reposed in the funeral home hundreds came to offer their sympathy and condolence to the bereaved family. Monsignor Drury called and offered the prayers for the dead. Wednesday evening Father Molony visited the home and assisted by the relatives and many friends present, recited the Rosary. A profusion of flowers and dozens of spiritual bouquets were silent tokens of the high esteem in which the deceased was held. The casket bearers, all nephews, were, William, Philip, Thomas, Francis, Donald and John McGowan. Burial was in the family plot in St. Mary's cemetery, where the final absolution and blessing was given by Monsignor Drury, with Father Molony assisting.

Legion Takes Up New Paltz School Case for Veteran

Members of Sullivan-Schaffer Post, American Legion of New Paltz, have appointed a committee to interview the members of the board of education and ascertain why Principal Raymond Cunningham, a veteran of World War I, has been refused a renewal of his contract beyond June 30 of this year when the school year ends.

At a meeting of the Post held on Wednesday evening, Commander Curtis Richardson appointed a committee to make an investigation. Heading the committee is Charles Parker and other members of the committee serving with the chairman are Robert Osterhout and Warren Kennedy. Commander Richardson was not available today for interview but it is expected that the committee will make and endeavor to meet with the members of the board of education and ascertain what the reasons are for refusal of the board to retain Mr. Cunningham.

A spokesman for the veterans of New Paltz said that the Legion Post members in New Paltz wanted to know why Mr. Cunningham was not being retained and if a satisfactory answer could be given to that question, the Legion would demand that some

other veteran be considered for the position. It was stated that the Legion was behind Mr. Cunningham and wanted him to remain in the position, but if he was not retained, then the Legion members would demand that the position be filled by a veteran.

Asked whether the Legion committee had contacted the Board for a hearing before the Board members, it was stated that so far as is known no meeting of the Board of Education of New Paltz is expected to be called for that purpose but the committee members expected to present their case to the Board, either at a group meeting or to the individual members of the Board.

Losing Says Churchill

London, Feb. 28 (AP)—Winston Churchill, declaring that "our Empire is being cast away," called on business men and industrialists today to do all they can to bring the labor government "to a speedy end." Churchill said, "Too long has there been general apathy among business men about politics. They must do their duty without delay or face a situation even more serious than the present."

Huge Sugar Stock Reported in Java

Senator Says U. S. Could End Rationing, if Supply Should Be Found

Washington, Feb. 28 (AP)—Senator McCarthy (R-Wis.), said today "all sugar rationing controls could be lifted" if the United States could lay hands on a huge stock of sugar believed to be stored in the interior of Java.

"Witnesses tell us there are from 1,500,000 to 2,000,000 tons of sugar in Java," McCarthy told a reporter after a hearing by a Senate banking subcommittee. "At the same time O.P.A. and government witnesses say we need only about 1,200,000 to 1,700,000 tons to meet all domestic demands."

The subcommittee is conducting hearings on a proposal to continue sugar rationing and price controls for another year and shift these controls from O.P.A. to the Agriculture Department.

James M. Marshall, Agriculture Department sugar expert, said this government "has no actual information regarding sugar in Java" but has heard of reports by British and Dutch groups who went into the interior in 1945.

Will Ask Time Off For State Troopers Too

Albany, N. Y., Feb. 28 (AP)—Assemblyman Leo A. Lawrence, proposing optional retirement at half pay for State Police after 20 years service and mandatory pension after 25 years, said today he eventually would seek to obtain "additional time off" duty for troopers.

The Herkimer Republican added, however, he would not press for the extra time until the division returns to its normal prewar strength of 800 men.

The present complement is 640. Lawrence said he agreed with Police Superintendent John A. Gaffney that "additional time off" can not be given at present without affecting the efficiency of the department adversely.

The New York State Police Benevolent Association has been campaigning for "decent living and working conditions for troopers."

State Police now have the option of retirement after 25 years service or at the age of 60. The compulsory retirement age for civil service employees is 70.

"There is no finer or harder working group of state workers than the State Police," Lawrence said in a statement. "Voluntary retirement at the end of 20 years of half-pay will be a morale builder within the force. . . . review of removal proceedings should be granted to all troopers on the basis of fair treatment for all."

There was no official comment from the police division. One unofficial source, referring to the mandatory retirement provision after 25 years said it would force out many members when they had reached a point of high efficiency

Railroads Seek Fare Increases in Eastern Sections

Washington, Feb. 23 (AP)—Eastern railroads petitioned the Interstate Commerce Commission today for authority to raise basic passenger fares from the present 22 cents a mile to 25 cents in coaches and from the present 33 cents to 35 cents in parlor or sleeping cars.

The trunk line Association, Central Passenger Association, and New England Passenger Association, acting together, announced that if authority for the boosts are granted, they also will increase round-trip fares.

Further authority is sought to increase commutation fares and other forms of multiple fares, in some instances by specific amounts and in others by approximately 20 per cent, costing the average commuter about 5 cents more per trip.

The associations gave "tremendously increased costs of operation, due to wage increases in 1942, 1944, and again in 1946, higher prices of materials and supplies, and increased payroll taxes," as the reasons for the move.

The New Haven Railroad is not a party to the petition in so far as the application covers commutation and other multiple fares. The New Haven filed a separate petition Jan. 2.

Mrs. Williams said today that her daughter had just recovered from an illness and could not make the trip when the New York notice came.

Snow and Sleet Slow Shipments of Coal

London, Feb. 28 (AP)—New snow and sleet slowed the movement of coal from British pits today and Prime Minister Attlee postponed setting a date for the switch-on of industrial power to London and southeast England.

Attlee told the House of Commons, however, that he might be able to announce the date during the week-end if conditions improved. With industrial power already restored in the midlands and the northwest, unemployment has dropped by 824,000, he said.

Snow spread from the north of England to the south coast and more was expected. Temperatures

Truck, Car Damaged Slightly in Accident

A truck and passenger car sustained slight damages in an accident at East Union street and Broadway about 9:15 o'clock last night, according to a report filed with the police.

Hannah C. Craft, of 15 President's Place, this city, was going north on Broadway in a 1938 Ford sedan when her car collided with an international truck owned and operated by Max Cohen, of 24 Hone street, as Cohen made a right turn from East Union street into Broadway, the police said.

The Craft vehicle had its right front fender and headlight crushed, while the Cohen truck sustained a dented left front fender.

Navy Investigating Pearl Harbor Fire On Big Dock Base

Pearl Harbor, Feb. 28 (AP)—The navy sought to find the cause today of a flash fire which swept a huge Pearl Harbor dock, sent 25 firefighters to the hospital and laid a smoke pall over the giant base.

Damage was expected to run into hundreds of thousands of dollars, and it might have mounted far higher but for 500 navy and marine firefighters who confined yesterday's blaze to a quarter-mile-long wooden dock.

At the height of the roaring fire, civilian workers moved more than 5,000 tons of supplies to a place of safety when the flames licked close to the adjacent warehouse area.

Fire broke out without warning in the oil-slick waters between the dock and the supply ship Oboron at 10:45 a. m. and within a few minutes had raced the length of the dock on the submarine side of the yard.

Crews of the Oboron and the nearby destroyer tender Sierra got their ships under way quickly and out into the safe channel as the flames spread along the oily waters, sending black smoke clouds billowing.

Four firefighting tugs and a dozen smaller craft equipped with hose moved in and shot water into the mazes of flames, while shore-side firefighters poured on water and chemicals.

Bailey's Boom Due To Bubble Gum 'Ad'

When approximately 15,000 pieces of the celebrated bubble gum is sold because of a four-inch advertisement in "The Freeman," the "pulling power" of Freeman advertising is given a decided boost.

Last week Bill Bailey, who operates the Cities Service Station at Albany and Foxhall avenue, advertised the amazing fact that he had 3,000 pieces of bubble gum to sell—no strings attached. The original 3,000 pieces disappeared in jig time, and so did an additional 12,000 pieces that Mr. Bailey managed to acquire to meet the emergency.

"Kilroy and his whole army arrived for that gum," stated Mr. Bailey, "so I know that people read my ad!"

HIGHLAND

D. of A. Meets

Highland, Feb. 27—Deputy Mueller Short, Kingston and members of Vanderlyn Council were guests of Ida McKinley Council. Daughters of America Wednesday evening. Councilor Jennie Reddy presided. Mrs. Anna Maynard read a paper on Washington and Miss Carol Wildrick read Lincoln's Gettysburg address. Birthdays of Mrs. Mamie Wood, Mrs. Mary Todd and the councilor this month were recognized. A degree featuring the name of the councilor, Jennie, was given in her honor. Those taking part were Mrs. Grace Relyea, Mrs. Mary Bond, Mrs. Hazel Palmer, Mrs. Cora Parks, Mrs. Blanche Mitchell, Mrs. Gertrude Therrien, Miss Wildrick and Mrs. Cecile Petersen. The latter presented flowers from the councilor. Gifts were given to her by Mrs. Therrien and Mrs. Carrie Atkins in behalf of friends. The degree was written by Mrs. Florence E. Cotant.

Miss Loretta Cole was nominated inside sentinel, elected and installed by the deputy. Mrs. Petersen acted as judge; Mrs. Maynard, clerk; Mrs. Viola Constable and Mrs. Louise Sheeley, flagbearers, Mrs. Cotant, pianist. Mrs. Irene Kurtz was reported ill. Sympathy was expressed to Mr. Viola Sheron on the death of her father-in-law, Murley Simpson.

It was voted to open the meeting March 19 at 7 o'clock to be followed by a card party at 8:30 o'clock. An invitation was received from Vanderlyn Council to attend an anniversary celebration in Kingston February 25 at 8 p. m. Substitute officers were Mrs. Daisy Kurtz, Mrs. Cole, Mrs. Constable and Mrs. Sheeley. Mrs. Kurtz in behalf of the council presented a gift to the deputy and she also received remembrances from friends. Mrs. Laura Parslow, deputy of Imperial Council, and Mrs. Hazel Palmer, deputy of Vanderlyn Council were speakers. Mrs. Constable is chairman of refreshments for the meeting March 5. Names were chosen by Captains Sarah Wildrick, red side, and Dorothy Churchill, blue, and the attendance contest will start at the next meeting. Refreshments were served in charge of Mrs. Palmer.

The March of Dimes to date has the sum of \$433.44. Of this amount \$201.90 was collected at the Highland Theatre while the other sum is made up of organization contributions, boxes and personal gifts.

FREEMAN SQUARE

What's smart for '47? BUICK!

THAT grille's as fresh and fashionable as a Paris label in a new bonnet.

Tha long, clean, sweeping-all-the-way through fender line is as much a "must" with the style-wise as white tie with tails.

There's the sparkle of bright, fresh colors — the rich sheen of chaste chrome — the sleek, slick, able look of an express cruiser, shined and polished for Regatta Day.

But is this the only way in which Buick's smart? Not by a barrelful!

Look at the engine room in that bonnet—that means torrents of Fireball power to put the lift of a life time in every mile.

That hug-the-road look means steadiness always—and cushiony coil springs on all four wheels spell serene disregard of an road's rude jolts.

Look at the width amidships that gives you lolling room both front and back—and at push-button controls that not only raise and lower the top, but move door windows up and down and the front seat back and forth.

And look deeper. At engines so fine-made they keep their new-car liveliness seemingly forever. At stout metals and sturdy underpinning; at husky, curl-around bumpers, controls light as a ladyfinger; at wheels that curb heel-

over on turns, and brakes both easy and sure.

Fact is, in this trim Convertible or any of the eight other body types, Buick's the smartest buy as well as '47's smartest car. It's the place where dollar-sense meets with style-sense to produce America's most wanted automobile.

Such being so — why hesitate? A day lost now in placing an order can be a week lost later in taking delivery, so — get your order in now!

Frances Krom Plans Wedding for Sunday At Methodist Church

Mr. and Mrs. Frank Krom of Stony Hollow announce the approaching marriage of their daughter, Miss Frances Ernie Krom, to George C. Lee, son of Mr. and Mrs. Harry Lee of 27 North Willow avenue.

The wedding will take place Sunday at 2:30 p. m. in Clinton Avenue Methodist Church. The Rev. William R. Peckham will officiate.

Child Study Club Meets

With Mrs. H. J. Bruck Child Study Club 2 met Thursday evening at the home of Mrs. Henry J. Bruck, 68 Elmendorf street. During the business meeting, conducted by Mrs. George Sivech, president, the membership resignation of Mrs. Anthony J. Messina was received with regret. Mrs. Messina is leaving Kingston to make her home in Croton where her husband has recently accepted a position.

Mrs. Donald Swann read an article written by Dr. Herman Bunden on "The Relative Merits of Inoculating Children Against Whooping Cough."

The paper in connection with the course of study was prepared and given by Mrs. Kenneth Hick, on "Enjoying Beauty and Creativity," in which she developed the key thought that all children are imaginative and have the quality of creativity to a greater or lesser degree. It is the duty of the parents to guide subtly the direction of the child's imagination.

Mrs. Severin Elmhurst was a guest of the club. At the conclusion of the meeting, refreshments were served by the hostess assisted by Mrs. William Cranston. The next meeting will be March 27 at the home of Mrs. Leonard O'Reilly, 122 Wilson avenue.

Y. W. Women's Club Presents Original Play

"For Women Only" by Mrs. Raymond R. Gross was presented by the Women's Club of the Y.W.C.A. Thursday afternoon at the First Baptist Church hall. The time of the play was during the "Gay 90's" and authentic period costumes were used. The cast included from left to right standing: Mrs. James Mathers, Mrs. Raymond E. Croft, Mrs. Willard Burke, Mrs. Ralph Harper and Mrs. Charles A. Terwilliger; sitting: Mrs. Vincent Connolly, Mrs. Joseph Garland, Mrs. William D. Hawk, Mrs. Raymond R. Gross, who also played two of the roles; and Mrs. C. Effingham Burnett, Mrs. Lee Ferr; in front: Leonard Bernstein and Fochester.

Mrs. Gross' Comedy About 'Gay 90's' Given by Women's Club

Turning to life at the end of the last century for background, the Y.W.C.A. Women's Club presented an original play, "For Women Only," at the First Baptist Church hall, Thursday afternoon. The play was written and directed by Mrs. Raymond R. Gross, a member of the club. The costumes of the period were an important part of the play as the scene was laid in the parlor of a dressmaker. The clothes were loaned to the club and brought back many memories with the great plumed hats, jet and head trimmed gowns and parasols. Heirloom shawls, handbags and fashions were also prominent. Antiques were used for the setting.

Much of the humor in the play was constant references to the right of women to vote and advocates for prohibition laws. The ladies were even abused at the thought of women smoking and drinking or going swimming without stockings and shoes. The mention of a horseless carriage caused one of the cast to faint.

In weaving the plot Mrs. Gross managed to involve Mrs. O'Neil, the dressmaker, (whom she played) with problems for her daughter's wedding, sudden arrival of twin babies, via the doorstep; and a prima donna, Mrs. O'Neil was indeed a kind-hearted soul.

A homeless man from the South also found refuge with Mrs. O'Neil. Played by Ernest Canine, he provided relief from the hectic household with his songs and guitar tunes.

The Cast

Mrs. Charles A. Terwilliger was outstanding as the Irish lady who had risen into "society," Mrs. Raymond E. Croft was the spinster suffragette; Mrs. Vincent Connolly, the most important member of society; Mrs. C. Effingham Burnett, civic minded housewife; all customers of Mrs. O'Neil, Mrs. Willard Burke was Mrs. O'Neil's daughter, Eileen; Mrs. Ralph Harper, who also sang several songs, Cousin Mary; Mrs. Lee Ferr, maid of the important society family; Mrs. Joseph Garland and Mrs. James Mathers, guests at the tea; Mrs. William D. Hawk, society reporter; Mrs. Gross, Madam Capricorn, the opera singer.

Mrs. Garland and Mrs. Mathers had charge of the stage settings; Mrs. Parker K. Brinler, prompter and assistant coach; Mrs. Richard Morse, advertisement; Mrs. Arthur J. Laidlaw and Mrs. Clarence Dumm, general arrangements; Mrs. C. Franklin Pierce, accompanist; Miss Ruth Smith, makeup artist; Mrs. William S. Jackson, play arrangements.

The play was given under the auspices of the Drama Group of the club. After the performance, tea was served. Mrs. Laidlaw, president of the club, welcomed the guests and announced that the club was invited to join with the Junior Married Women's Club at the "Y" March 6 at 8:30 p. m.

As special guests yesterday the guests at the Home for the Aged attended as did members of the Junior Married Women's Club and the general public.

The amendment to the abandoned property law "in relation to the workmen's compensation awards" with provisions on unclaimed moneys, is proposed in a bill introduced by State Senator Arthur H. Wicks, Kingston, and referred to the Committee on Finance recently.

The bill would amend section 1, article 13 of the abandoned property law by adding section 1309 which provides that "any moneys owing by any insurance carrier . . . to a claimant under an award made subsequent to Jan. 1, 1943 . . . which shall have remained unclaimed for three years from the time said moneys were payable, shall be deemed abandoned property."

The amendment provides that

School Lunch Program Soon May Run Out of Funds

Thirteen States Say Federal Cash Will Be Used Before Year End, Some in Week

Washington, Feb. 28 (AP)—Several million school children may soon have to go without hot lunches or pay higher prices because a \$75,000,000 federal school lunch appropriation is running out.

Thirteen states have reported that the federal funds allotted them will be used before the end of the present school year. Some will be without federal money next week.

The states facing financial difficulties include Arizona, California, Illinois, Georgia, Louisiana, Minnesota, Missouri, New York, North Carolina, Ohio, South Carolina, Texas and Tennessee.

The Agricultural Department, which supervises the program and apportions federal funds among the states, said it is powerless to provide further assistance unless Congress votes additional money.

It is known, however, that the department has asked the budget bureau to approve a department request for a deficiency appropriation to help carry the program through the school year.

Such a request, if made of Congress, would come at a time when economy-minded lawmakers are demanding elimination of a \$75,000,000 request by President Truman for a school lunch program next year.

Under the School Lunch Act passed last year, the federal government allots funds to states which agree to match federal grants dollar for dollar. Congress appropriated \$75,000,000 for the current school year, all of which has been allotted to the states.

The money is used either to give free lunches to children or to provide them at a lower price than the children otherwise would have to pay.

Officials said some states are running out of federal funds earlier than others because of

Kingston Seeks Title Tonight With Win Over Newburgh Here

Season's Finale Is Scheduled for City Auditorium at 8:30

Maroons Looking for 11th Straight; Large Crowd Anticipated for Clash; First Game 7:15 P.M.

The DUSO Basketball League schedule is due for a glorified finish at the municipal auditorium tonight when Kingston High School seeks to clinch second half honors with a victory over Newburgh Free Academy.

The main attraction will start at 8:30 o'clock following a preliminary between the Maroon J.V.s and a local team slated for 7:15. Indications are that a capacity turnout will witness the doubleheader.

The Maroon varsity needs tonight's game to clinch first place honors in the second round. A Newburgh upset would drive Kingston into a playoff with Liberty for the second half title. If the locals do win they'll battle Liberty, first half champions, for the 1946-47 championship.

Monties Play Part
Monticello and Port Jervis engage in the only other league competition tonight, playing at the former's court. Monticello is rated favorites but here, too, an upset is possible in view of Port's recent improved playing.

Pioneer A.C. Downs Rienzos, 53 to 39 In City Y League

Win Gives Club Fourth Place Tie With Vets; G. Fitzgerald Gets 15 for Victors

The vastly-improved Pioneer A.C. basketball team moved into a two-way tie for fourth place in the City Y.M.C.A. League Thursday night by scoring a 53 to 39 victory over the Rienzo A.C. Both the Pioneers and V.F.W. cagers have records of four wins and two losses.

G. Fitzgerald and Lindsey were the big guns for the winners by finding the range for 15 and 11 points each. Hank Krum and J. McGrane paced the losers with 11 each.

The Pioneers, trailing 22-21 at the half, fought to a 27-27 tie at the third quarter and opened with a last period rally which decided the outcome.

Virgilio Scores Win; Is Ready for Delgado March 6

Carmine Virgilio, Poughkeepsie's uncrowned bantamweight champion of the Hudson valley, put on an impressive show before a home-town turnout of fistie fans at Lincoln Center last night, and added another win to his string by scoring a five-round decision over Dave Gully of New York City.

The victory fortified Virgilio for his featured match on B'nai B'rith's card at the Kingston Municipal Auditorium Thursday March 6, with Tony Delgado, the Puerto Rican scrapper who won the metropolitan bantam crown in 1946.

Although Carmine was comparatively slow in the first two rounds, he managed to get his left hook working in the third and knock Gully on the verge of a knock-out. He floored the New Yorker with a terrific left in the fourth, but the blow lacked power enough to keep him down for the count. Virgilio continued to force the attack in the fifth and won the decision.

Next Thursday's bout is expected to be a draw as Poughkeepsie's favorite in action against Delgado, who is rated as one of the toughest opponents he has been matched with to date.

Another bout last night that had the fans cheering was the five rounder in which Johnny Roland, 137, Albany defeated Leo Montenegro, 138, Schenectady.

Poughkeepsie will try wrestling next Thursday, with the Exchange Club presenting a card at Lincoln Center.

Record Crowd Anticipated
Arcadia, Calif., Feb. 28 (AP)—Santa Anita park officials today anticipated a record crowd of 80,000 for tomorrow's handicap.

The track's all-time high of 80,200 attended the 1946 running of the big 'cap. The Weather Bureau, not so optimistic, forecast light showers tonight and tomorrow.

In The Pocket

with CHARLIE TIANO

We hope that Kingston basketball fans flock to the municipal auditorium in numbers tonight to watch Coach Klas' basketweavers attempt to clinch the second round title at the expense of Newburgh Academy.

There are hundreds of basketball fans in the city who have not seen the Maroon in action. The usual crowd consists of high school students and parents. Tonight we'd like to see an overflow of all types of fans in attendance to pay tribute to a great basketball coach and a gallant team.

Great basketball teams are synonymous with the name of Klas and down through the years, the soft-spoken Illinois has developed one championship winner after another. It would not be a simple job to design to Klas' greatest squad, but the individual Hall of Fame of players developed by Coach Klas is endless.

You can go back 20 years and start with Al Blackwell, Stu Parks, Herbie Clarke, Bob Culum and come down the line to Cowboy Ivory, Zeke Zelle, Rod Sagendorf, the immortal Bock brothers—Charlie and Eddie—Tony Albany, a id a host of others.

They never put out he S.R.O. signs for a K.H.S. basketball game. How about it tonight?

FIOTSAM AND JETSAM

Harold Brookie's 754 skyrocketed his Hudson Valley League average to 196 plus. . . . Johnny Ferraro is shooting at 208 plus. . . . Jones Dairy faces four road engagements in the remainder of the loop schedule, while the Newburgh Paladines have four matches at home, two on the road. . . . The Jones Dairy encounter is set for Sunday in the Hill City. . . . The Paladines must meet Middletown Gus Lunch, Walden, Liberty and Paladines on the road, while rolling Monticello and Newburgh Taxi here. . . . Paladines have home engagements with Jones Dairy, Monticello, Newburgh Taxi and Poughkeepsie and road trips to Walden and Liberty.

Walton, a mutual road opponent of the two contenders, is rough at the present time. . . . Tabby's Tavern, Jones Dairy No. 1 opponents in the big doubleheader Saturday night at the Centrals, holds the Bergen County League high single with 1185, rolled in Lodi, N. J.

OF MEN AND MICE: Despite a 24-point blast by "Zeke" Zelle and 16 by Rod Sagendorf, Hartwick College bowed to Cortland Teachers, 66-58. . . . High average woman bowler in Hudson is Genevieve Pienzo, with 69. . . . Jack Quinn, former Port Jervis High and St. Bonaventur re backfield star, has signed a contract to play pro ball with the New York Yankees of the All American Conference. . . . Meanwhile, Tommy Maines who played with Paterson Panthers last season, says nix, he's had enough. . . . Al Cirillo may make the headlines with a big showing over WJZ or WHN in the near future. . . . Bill Gabor, Syracuse University basketball scoring phenom appears on his way to break his own record. . . . In a recent streak, Gabor pumped in 76 points in three games to push his season's total to 345 for 20 games, an average of 17.4. . . . He scored 325 last year to erase a 20-year old standard set by Vic Hanson in 1926. His biggest night was 30 points against a strong Yale team in 28 minutes playing time.

ANENT CAULIFLOWER EARS: Hudson valley boxing fans are getting bombarded from every side—and that isn't good. Kingston, Poughkeepsie and Newburgh operate semi-monthly amateur boxing shows. . . . Newburgh has professional shows every other Monday. . . . Now the Hill City promoters plan professional wrestling and Poughkeepsie is following suit. . . . Primo Carrera will be featured on the first Newburgh mat carnival. . . . According to reports from Poughkeepsie, Carmine Virgilio fought Frankie Biffo with an injured hand. . . . That was the night of the widely discussed "raw decision." . . . If it were possible to arrange it, a shindig between Jimmy Carr and Kingston's Tiny Townsend would be terrific. . . . Al Hurlbut could well be the new local sensation, replacing Virgilio.

JERSEY TENPINNERS SMOKING: Jersey bowlers seek to have developed an enduring affinity with high scores. A few days after Cecil Hart, ace of the famous Faber Cement Blocks of Teaneck, N. J., tied the national scoring record with 814, his team-mate and anchor, Eddie Gass, reeled a tremendous 824 for a new 1947 U. S. high. . . . Gass blasted games of 279, 266 and 289. . . . Hart has a 763 beside the 814. . . . The Fabers have been over the 3300 mark twice this season. . . . Marian Kaiser, prominent female star who shoes here Satur last night with the Garfield ladies, holds the Jersey state season's record with 660. . . . Lorraine Varipapa, daughter of a famous father (he U. S. match game champion) recently spilled a 640 series in Hempstead. . . . She had a high single of 260.

The moral of this story is: If your team shoots an all-time record and you have one of those fancy signs printed, get it posted before your next match. . . . Jones Dairy No. 1 had a nice, new sign resting on the counter downstairs while they rolled the New York Rangers last Sunday. . . . When Johnny Ferraro came up for the final frame he could have wrecked that sign with a double. He could have sent the sign (never used) reeling into antiquity—but he missed. The sign is still good.

Feller Leads Those High Falls Plays In Big Bracket; In '47 Baseball

New York, Feb. 28 (AP)—Bobby Feller, the golden boy of baseball's second golden era—even as Babe Ruth was the salaried colossus of the first—leads a total of 26 big league players who will earn from \$20,000 to \$80,000 plus in 1947, a survey shows today.

When brilliant Bobby fiked a Cleveland contract which will bring him from \$80,000 to \$ 00,000 for his work on the hill this year, he became the first player with a chance to better the eighty grand a year the New York Yankee's paid the Babe back in '30 and '31.

Although the matter of payment is incidental, it should be pointed out that the home run king got his dough in straight salary while Bob is to be paid part of his in bonuses based on home attendance. Approximately \$55,000 of his money will be in straight salary.

Although Hank Greenberg's salary has never been disclosed by Pittsburgh officials, it has been learned from a pretty authoritative source that it calls for a flat \$75,000 contract with no bonus arrangements, as previously reported. Others who will receive more than \$50,000 in 1947 include Ted Williams, who will be paid \$65,000 by the Boston Red Sox, and Hal Newhouse who will draw \$60,000 from the Detroit Tigers.

Honors for being the highest salaried club go to the American League champion Boston Red Sox, who, according to General Manager Eddie Collins, will shell out close to a half million dollar: this year. Besides Williams, Dave Ferris, Tex Hughson, Rudy York, Bobby Doerr, Don DiMaggio and Johnny Pesky are reported to be in the \$20,000 class.

The High Falls Firemen are scheduled to play the fast-stepping Rosendale basketball team in the regular Saturday night feature at the former's court in High Falls.

The visitors, led by Gil Kelder, well-known sports figure in and around Kingston, have always supplied plenty of opposition for the Firemen and fans who attend the game are assured of more fast action.

The firemen hope to have their regular lineup consisting of Charlie Neff, Williams, Decker, Schoony-maker, Barringer, Sutton, Burger and Fulford. Neff, another well-known baseball and basketball figure in Kingston, has been the bulwark of the Falls team all year.

A preliminary game featuring the Falls Juniors will start at 7:45 o'clock with the main game starting at 9 o'clock.

Highland Park, N. J.—Ivor Escohar, 123 1/2, New York, outpointed Angelo Ambrasso, 127 1/2, Philadelphia, 8.

Training Roundup

(By The Associated Press)

Today for the first time in 15 years Hank Greenberg checks in at a major league spring training camp other than that of the Detroit Tigers.

The major league home run king is expected at the Pittsburgh Pirates' Miami Beach camp and already members of the Buc squad are speculating how the slugger will do in Flamingo Park, whose left field fence is the same distance away from home plate as the left field barrier is at Forbes Field, 365 feet.

Elsewhere on the training camp front, the first exhibition game between two major league teams will be played tonight between the Boston Braves and the Brooklyn Dodgers at Havana's Gran Stadium.

Manager Leo Durocher of the Dodgers has nominated veterans Hal Gregg, Kirby Hake and Vic Lombardi to pitch for the Braves while Manager Billy Southworth of the Braves has rookies Johnny Feltzer and Walt Lanfranconi.

The New York Yankees, who have played five exhibition tilts with Puerto Rican teams, were scheduled to leave the island for Venezuela today to open the second phase of their training program. The Yanks won three out of five.

In Phoenix, the New York Giants were expecting Larry Jansen who won 31 games for San Francisco of the Pacific Coast League last year. Jansen, a hold-out, said he would report "to talk things over."

Tellier Defeats Russell, 125 to 90

Benoit and Quick Clash in Tonight's Match

Julius Tellier downed Myrie Russell Thursday night by 125 to 90 in another city-wide billiard tournament match held at Nick Kashe's Academy, 297 Wall street. Tellier posted a high run of 19. Russell turned in high runs of 17 and 31.

Tonight's action will pit Eddie Benoit and Cliff Quick in a match which is expected to produce plenty of thrills. The play commences at 7:30 o'clock.

Saugerties Meets Fast Goshen Five On Saturday Night

A big double-header basketball attraction is listed for the Saugerties Auditorium court Saturday evening starting at 7:30 o'clock.

The Saugerties Legion Juniors will play the Ellenville Vets in the preliminary contest.

The main battle will bring together the Saugerties Legion Golds and the strong Goshen Legion basketball club. Goshen is reported to have one of the strongest teams in southern New York state.

The team won 18 straight to open the season and has rolled along on a record of 24 out of 27 since that time. Freddie Bach, center, and leading scorer, collected 238 points this year. Baker, Cooke, two negro forwards, have scored 456 points between them.

Lack of Teachers, Crowded Schools Hit by Educator

McElhenny Tells Warden Rotarians Neglect of Education Makes Delinquents

Millions of the nation's young people are not in class rooms today because of a scarcity of teachers, John McElhenny, public relations chairman of the Wallkill Teachers' Association, told the Warden Rotary Club recently.

Many more, said the speaker, are in such overcrowded classrooms that they have not been reached by proper education. The educator stressed public

neglect of the education system as a major factor in the mounting juvenile delinquency in the nation. "It is the duty of every responsible citizen," he declared, "to realize that education is his obligation and his interest not because teachers or the educational system demands it, but because his children demand it."

Facts and figures are being shot at the citizen today, he said, and at times it seems that certain principles contradict each other. A thinking citizen, however, must apply the needs to his own locality.

Rural areas are frequently experimental grounds for the young teacher who soon moves on to higher-paid areas. These persons are often vital personalities which the country children need as much as the suburban

In closing, Mr. McElhenny stated that a more equal system of education would be an aid for the children in the rural area, it state aid helped them to compete with the more highly-paid suburban areas.

Donald Wells, of 23 Murphy street, suffered a severe leg sprain while assisting firemen in fighting a blaze in the attic at the home of W. T. O'Connell, 29 Murphy street, about 5:30 o'clock Thursday afternoon.

Wells, a neighbor of the O'Connells, went to the assistance of the family and while on the roof, slipped and fell to the ground. He was conveyed to the Benedictine hospital in Corner's ambulance and after an examination and x-rays was released.

The fire of unknown origin apparently started in some upholstered chairs in the attic, the firemen said. There was slight damage to the roof rafters, sheathing, boards and a few over stuffed chairs.

Two engines from the Will-week station quickly extinguished the blaze.

not prohibit communities from fixing higher rates if they desired. Following is a list of minimum salary schedules, exclusive of the \$200 additional for a master's degree.

16	2150	2300	2150	2300

The year of service represents the earliest year during which a teacher may be eligible for the salary level or promotional level specified.

The program would not apply to districts with eight teachers or less. Additional aid granted these districts under the temporary plan, including the \$200 minimum, would be continued on a permanent basis.

Westchester and Nassau county school districts with more than eight teachers would be included in the schedule for cities with populations between 100,000 and 1,000,000.

"Adequate salary schedules are needed at once, the report declared, to prevent further withdrawals of able and experienced teachers and encourage the requisite numbers of well-qualified young people to go into teaching."

"In an earnest effort to attract able young men and women into teaching and keep them there, this report would introduce two new educational principles into our educational system."

"The first of these principles involves a single salary schedule for all teachers. We are unanimously and firmly convinced that it is just as important to get good teaching for children in the high schools as for children in the low schools. We can get good teachers in the elementary schools if we pay them well and we propose that this be done."

Automatic Increases

The second principle "provides automatic pay increases each year until the seventh year, at which time exceptional teaching ability must be demonstrated to warrant the further promotion into the next group of increments."

"This is repeated every three years until the maximum is reached. Good teachers will be protected by a careful set of regulations laid down by the education department and by the requirement that a minimum number be promoted each year."

In this connection the committee recommended the following requirements govern promotional increments:

Satisfactory teaching service and (a) exceptional service to the pupils (b) exceptional service to the community (c) a substantial increase in the value of service rendered to pupils through participation in non-school activities or (d) more education beyond the level of a master's degree.

Promotional Increments

School districts would be required to give promotional increments to at least 50 per cent of those in the seventh year salary level or above; 30 per cent in the 10th year or above; 20 per cent in the 13th year level or above, and 10 per cent to those in the maximum level.

The equivalent of a master's degree will be accepted if it meets required standards. This is intended principally to take care of vocational teachers.

The committee announced it would recommend \$2,000,000 in additional state aid to central schools, as against \$1,750,000 last year. A revision of the Friedman formula as it applies to central schools is planned.

Reports indicate Governor Dewey will ask the legislature to grant localities authority to impose special excise and other taxes to defray increased operating costs, including education.

Members of the committee are Benjamin F. Feinberg, Republican leader of the Senate; Oswald D. Heck, speaker of the Assembly; Dr. Francis T. Spaulding, commissioner of education; John E. Burton, budget director; and Charles D. Breitel, counsel to the governor.

Reds Are Thought To Have Large Airborne Divisions

Filtered Information Is to Effect 100,000 Men Involved; U. S. Has 13,000 Troops

Washington, Feb. 28 (AP)—Russia is believed to have an airborne army in being or in training far surpassing that of any other power.

Information filtering out of Russia indicates, it was learned today, that the Soviet Union's strength in troops trained for lightning strikes from the air may number as high as 100,000 men.

This force compares with the single airborne division which the United States possesses. That division—the 82nd at Fort Bragg, N. C.—has an authorized strength of 13,000 men but presumably is below that figure.

Efforts to bring the 82nd nearer authorized strength have been complicated by the use of trained airborne soldiers as elements of occupation forces in Germany and Japan.

May Be Misleading

Some strategists note that the reported 100,000-man strength of the Russian airborne force may be misleading because of a possible Soviet deficiency in the important matter of air transportation.

Russia's primary aviation interest during the war was in fighter type planes. She virtually ignored heavy bomber aircraft and, either because of policy or production difficulties, did little transport plane building. What her strength

was in transport is today is uncertain. Lend-lease reports show that during the war the United States turned over to Russia about 700 transport airplanes among the 25,000 delivered.

How many of these 700 transports plus any she may have obtained from Britain and built herself still are operable is unknown. However, American experts have estimated that it requires about 1,500 transports of existing designs to move one division of about 12,000 men with their equipment. During World War II, Russia's standard airborne unit was a brigade of slightly more than 4,000 men used either as parachutists or carried in transports. While details are not known, it is believed that the Red Army may have organized its postwar airborne force somewhat along the lines of the United States, into divisions probably about the standard 12,000 strength.

At present there are being considered numerous Federal proposals for making available post-war construction funds but to date nothing definite has been determined, Mr. Feeney said, and he said the board would be mindful of any future action taken either by State or Federal government which might make available funds for school improvements.

Loughran Rules Casual Betting Is No Crime in State

Casual betting on a legalized prizefight in New York state is not a crime, the state's Court of Appeals, with an opinion written by Chief Judge John T. Loughran of Kingston, ruled in a unanimous decision yesterday.

The decision was on the appeal of Samuel Solomon, who bet that Willie Pep would beat Albe Stolz in Madison Square Garden, New York four years ago. He was arrested and sentenced to serve six months in the workhouse. He carried his appeal to the state's highest court.

Judge Loughran in his opinion stressed the fact that since 1920 "sparring matches or exhibitions have been allowed in this state within limits fixed by the Legislature, and because of this 'section 1710 of the penal law were without application to the fight in dismissing the information. Judge Loughran stated:

"In general, casual betting or gaming by individuals—as distinguished from betting or gambling as a business or profession—is not a crime in this state."

Bunse Is Elected

Augustus Bunse was elected president of the Veteran Volunteer Firemen's Association at a meeting in the city court room last night. Other officers elected are: Gordon Craig, vice-president; Richard R. Greene, secretary; Edwin L. Koltz, treasurer; and the following directors: Joseph Radel, Fred Harder, Henry Kelse and William Hoffman. Delegates to the Ulster County Volunteer Firemen's association are William Hoffman, Walter Albright, Fred Harder was named delegate to the New York State Firemen's Association.

Decree Is Granted

An interlocutory decree of divorce has been granted by Justice Harry E. Schirick to Stella Corwell Ocker of Shandaken against her husband, Edward Ocker, Jr., of Altamont. William E. Rieley appeared for Mr. Ocker. The action was not contested. Testimony in the action was taken at special term in Kingston.

Boy's Condition Is Reported to Be Critical

Baltimore, Feb. 28 (AP)—Doctors at City Hospitals were using all their skills today in an effort to save the life of nine-year-old Bruce Jennings, who was reported by police to have been found hanging by a scarf tied to a coat hook in his third-grade cloak room.

The boy's condition was described as critical. He has been in an oxygen tent since his arrival at City Hospitals Wednesday.

Cop. Harry Freund and Patrolman Carroll Hurlings said Bruce's teacher, Mrs. Audrey Edwards, told them she sent the lad to the cloakroom after he had hit a classmate with a textbook.

Police said Mrs. Edwards reported finding the boy hanging by the scarf 10 minutes later, his knees buckled.

Door Closed on Richard

New York, Feb. 28 (AP)—Radio Station WOR's door is being gently closed on Richard. The station announced today it is restricting use of the novelty tune, "Open the Door, Richard," because it believes audiences are becoming annoyed at over-playing of the song.

Comedians broadcasting over WOR have been asked to shun "Open the Door, Richard" gags, too.

Will Be Ordained to Priesthood

REV. R. A. HYLAND
The Rev. Raymond A. Hyland, son of Mr. and Mrs. John A. Hyland, 155 Broadway, will be ordained to the priesthood by His Eminence Francis Cardinal Spellman, Saturday morning in St. Patrick's Cathedral, New York city.

Father Hyland's first solemn Mass after ordination will be sung in St. Mary's Church here, Sunday at 11 a. m.

The Very Rev. Msgr. Martin J. Drury, pastor, will preside at the Mass, and the sermon will be delivered by the Rt. Rev. Msgr. John J. Stanley, pastor of Our Lady of Lourdes Church, New York, and former pastor of St. Mary's of Kingston.

Serving as arch-priest will be the Rev. Francis Brennan of St. Patrick's Church, Newburgh, a former Kingstonian, Father James Reynolds of Saugerties, a student at Yale University, will be deacon and Father Francis Molony of St. Mary's, sub-deacon.

A graduate of St. Mary's parochial school, the new priest prepared for seminary at Cathedral College, New York, and received his A.B. degree in 1941. His theological training was received at St. Joseph's Seminary, Yonkers.

Father Hyland will serve in the Archdiocese of New York.

REV. J. A. STELTZ
The Rev. John A. Steltz, son of John W. Steltz, 14 Stuyvesant street, will be ordained to the priesthood on Saturday morning in St. Patrick's Cathedral, New York, by His Eminence Francis Cardinal Spellman.

Sunday at 10:30 a. m. in St. Peter's Church here, Father Steltz will sing his first solemn Mass, assisted by the Rev. Henry E. Herdegen of St. Peter's as deacon and the Rev. Joseph Osterman, formerly of the local church and now at St. Anthony's Church, Nanuet, sub-deacon.

The Rev. Joseph A. Geis, pastor of St. Peter's, will be arch-priest, and the sermon is to be preached by the Rev. Edward Montano, formerly of Saugerties, a student at Catholic University, Washington, D. C.

After graduating from St. Peter's Parochial School, the Steltz youth enrolled at Cathedral College, New York, to prepare for the seminary and received his A.B. degree in 1941. His theological training was done at St. Joseph's Seminary in Yonkers.

Father Steltz will be assigned to a church in the Archdiocese of New York.

Burglary Is Investigated
The investigation of a burglary at the Kerhonkson High School a week ago is still being continued by the authorities. Several leads have been investigated but no definite clue has yet been found

as to the guilty party who entered the building and took school funds amounting to approximately \$150. The entire building was ransacked and found in great disorder when the custodian opened the school the following morning.

Smoke, Soot Damage
Firemen from the uptown station answered a still alarm at 111 Green street yesterday where a faulty oil stove caused smoke and

soot damage at the Telepas apartment, the police reported. The fire was discovered by a tenant who woke up to find his room full of smoke.
